

Brazos County Health Department

A City-County Public Health District

News Release

December 8, 2009

For Immediate Release

H1N1 Flu Vaccine Clinics

The Brazos County Health Department continues to receive the H1N1 flu vaccine. The vaccine will be administered for free on a limited basis during regular immunization clinic hours. Numbers will be distributed beginning at 8 am on each day. To assist with clinic flow, a return time for vaccine administration will be given with the numbers. Regular immunization clinic hours include:

- Monday: 8:30-11:30 a.m.
- Tuesday: 9:00 am-10:30 am (adults only); 2:00-5:30 p.m. (all ages)
- Wednesday: 8:30 a.m.-12:30 p.m.
- Friday: 10:00 a.m.-12:00 p.m.

These hours may be extended if staff is available.

There will also be a special clinic held on Thursday, December 10. Numbers will be distributed at 8:00 am with a possible return time for vaccine administration if necessary.

All immunization clinics will be held at the Brazos County Health Department. Anyone 6 months old and older is eligible to receive the vaccine, as supply allows.

The health department continues to encourage all individuals, including the high risk priority groups, to get vaccinated.

Healthcare providers in Brazos County have also begun to receive the H1N1 vaccine. The public is encouraged to contact their primary healthcare providers for availability in their offices.

For vaccine availability at the Brazos County Health Department, call 979-361-4440 or visit www.brazoshealth.org.
